eLearning tool reviews

- *Seven Top Authoring Tools*, [Note: This article was written in October 2011, but it will give you an idea of what is out there and it provides a comparison chart of the different features offered.], [http://www.learningsolutionsmag.com/articles/768/seven-top-authoring-tools](http://www.learningsolutionsmag.com/articles/768/seven-top-authoring-tools)

Required hardware for online training

Your computer hardware requirements will vary based on what eLearning authoring tool you select, but the following is a basic guideline. Computers purchased within the last three years most likely have what you need. Always check the vendor’s tech specs before purchasing or downloading any software.
• **CPU:** 1.0 gigahertz (GHz) processor or higher (32-bit or 64-bit)
• **Memory:** 1G minimum
• **Available Disk Space:** 250 MB minimum
• **Display:** 1,024 X 768 screen resolution (1,200 X 80 or higher recommended)
• **Broadband Internet Connection for software updates**
• **Sound card**
• **Video Card:** 16-bit
• **Webcam** (if recording video)
• **Microphone** (if recording audio)
